

TALES 400

FINISH : MAT BLACK OR WHITE

Versatile amplifier for hi-fi/home theater that is great value for money, Tales 400 is a subwoofer with a **bass reflex configuration** which has a **new 12-inch (30cm) bass driver**, with long throw enabling the subwoofer to go down to 25Hz.

The Tales amplifiers have been updated in 2018 to provide a **wider range of connections, greater dynamics and a better control**. Tales 400 offers **an output of 300 watts RMS (400W peak)** and now includes an **LFE input**, joining the standard line input.

It also features an **automatic standby, a frequency roll-off, volume and phase control** for an optimal fit of the subwoofer in relation to its placement in the room and the main speakers used.

TECHNICAL SPECIFICATIONS

Type	Bass Reflex
Driver diameter	12"
Phase	0 - 180°
Bandwidth	25-120 Hz
Amplifier power handling RMS	300 W
Inputs	LFE, L&R low level
Dimensions	15.47 x 16.06 x 17.09"
Unit net weight	25.42 lbs
EAN code (black/white)	3660216005380 / 3660216005373
